Packaging for strength. Shipping for success.

Tapes

- Water activated carton sealing, Filament, Duct, Masking, Gaffers, Electrical, Teflon, Vinyl Safety, Flatback, Pressure Sensitive Carton Sealing, VHB

Bubble Wrap

- Extremely lightweight and durable packaging material
- Great for fragile items
- Can be used as a void filler in boxes
- Also available in anti-static bubble

Single Face Corrugated

- Made from smooth fiberboard on one side and raised corrugated flutes on the other side
- Can be cut to any size
- Its pliable making it perfect for protecting irregular shaped items

Stretch Films

- Perfect for securing pallets and boxes during shipment; protects your shipment from damage

Die Cut Foam

- Protect delicate equipment, cameras, tools, sensitive electronics or instruments
- Forms precise shapes that protect your products from potential damage during shipping based upon your exact dimensional requirements.
- Convuluted foam to fit into boxes and cases

Foam Rolls

- Provides great package cushioning, shock absorption
- Protects against scratching

www.tyogacontainer.com

Through global sourcing we can offer the best products at the best price.

Bubble Mailers

- Ideal for items that need cushioning such as CDs, DVDs, books, documents, jewelry, or pharmaceuticals, clothing or parts
- Light-weight mailers save on postage

Strapping

Steel

- Best where highest strength is needed
- Perfect for products that are sharp or hot

Polyester

- More cost effective than Steel
- Nick resistant
- Provides greater load stability during shipping and storage
- Weather-resistant

Kraft Papers

- Great for covering boxes, books and products to protect against scratches
- Crumple for use as an economical void filler
- Available in various sizes and basis weights

Edge Protectors

- Provides excellent container stabilization
- Protects products from damage caused by strapping
- Improves stacking ability
- Protects edges from corner damage

Poly Bags

- **Anti-Static**-Protects electronic components from static build up
- **Static-Shielding**-Shields electronics from static discharge
- **Flat**-Protects from dirt, dust and moisture
- **Recloseable**-Zipper keeps protects clean and free from moisture
- **Gusseted**-Expandable sides and fitted bottom for easy packing

Foam

- Great for packing fragile items
- Can be cut to any size
- Its pliable making it perfect for protecting irregular shaped items
